GLADYS COGSWELL

1940 Introduction (Smith-Franklin)

Formal Decorative. From the originator of Bobee Dean comes this fine commercial cut flower of dark rosy pink. Size of blooms 7 by 4 inches. Stem is perfectly stiff and long making a splendid dahlia for bouquets and basket work. Bush 5 feet. Good foliage and many blooms at a time. \$5.00

SPECIAL COLLECTIONS

12 roots, postpaid—for \$2.00

Anyone wanting some good dahlias and not particular about the named varieties should, by all means, order one of these collections of untagged varieties—all different. Will make a nice showing in your garden.

Paulhamus

1940 Introduction

Named for a Puyallup Valley Pioneer and featured in our First Prize exhibit at the Western Washington Fair at Puyallup in 1939.

Informal Decorative. Very large deep bloom, 10 to 12 inches by 7 inches deep. Plant $5\frac{1}{2}$ feet. Good habits and good foliage. Real giant of striking color, bright scarlet red with a blend of soft gold and petals have a forward roll showing the rich gold reverse. Stems are long and hold the huge blooms erect. Good form and tight centers. Won first prize and Sweepstakes for the best undisseminated dahlia at the Capitol Dahlia Society Show, in Olympia, in 1937, and has won other first prizes. A large stock of this fine exhibition dahlia makes possible the low price of \$2.50—Net.
